SAMPLE SUBMISSION FORM FOR LC-MS ANALYSIS

PROTEOMICS

Please contact DDr Leila Afjehi (leila.afjehi-sadat@univie.ac.at) before submitting your samples

Please fill out this form and send a copy to us via email (alina.siegl@univie.ac.at)

The submission of radioactively labeled samples is strictly forbidden!

1. Date of submission of this form: dd/mm/YY

2. Project name:

3. Contact information of the group / project leader:

- Name:
- E-mail:
- Department/Institution:
- Cost Center:

4. Contact information of the sample owner:

- Name:
- Supervisor:
- E-mail:
- Department/Institution:

5. Sample information

- Number of samples:
- Number of required LCMS runs for the project:
- Sample ID:
- Sample origin (source, species; in which organism it was expressed):
- Sample type (please check all that apply):
 - *Protein:*
Gel pieces-> which staining:
In-solution:
 - *Peptides:*
In-solution digest (which enzyme):
Peptide purification method (stage-tip,):
Enrichment (When yes, which?)
Labelling method (when yes, which?)

Peptide concentration:

Dissolving buffer:

- Aim of the LCMS measurement (please check what applies):
 - Identification
 - PTM's -> which:
 - Quantitation
 - Others:
- The sample preparation method?
Please provide details of isolation procedures, with special reference to **detergents, salts, antibodies, buffers, staining** etc and attach your protocol
- **When will your samples be ready for measurement?**

Preliminary starting date of measurement (appointed by DDr. Leila Afjehi):

Note Sample LCMS schedules are preliminary and can be changed. Please contact us shortly before your sample LCMS schedules.

- **Instrument**
